

Welcome To Studio 7!

Studio 7 is a very special retreat which sleeps up to 4 people, making it perfect for families, a couple, two couples or a couple and two singles! We can also provide a cot and a highchair.

This totally private and self-contained apartment is located right in the heart of the Mansfield township and only a few minutes from Mansfield's main street. Like all of our properties, we offer outstanding service and all of the little 'extras' that you would expect from a high-quality establishment.

You will feel instantly at home in the private walled courtyard complete with a BBQ and an outdoor setting, or in the spacious living and dining areas. For the romantics, candles will create that special atmosphere as you soak in the huge sunken spa.

Choose a DVD to watch on the large flat screen TV or curl up with a quality book on the comfy leather lounge suite - it won't take you long to unwind!

*Sink into the king sized bed for a great night's sleep and cook up a storm in the fully self-contained kitchen in the morning. A full breakfast hamper which includes free range eggs, bacon, cereals, croissants, a selection of teas and coffee, bread, juice and my homemade raspberry jam is provided ready to go!
Please enjoy the complimentary port & chocolates!*

Pre-book a relaxation massage to enjoy in the privacy of your Studio and ask about our specialty packages and gift vouchers!

We look forward to Spoiling You! ☺

My homemade raspberry jam is for sale @
\$6 a jar - delicious on toast and croissants!

Property Instructions:

NO SMOKING INSIDE.

The laundry is for guest use.

HEATING & COOLING are separate systems found behind the corner of the couches! HEATING (WARMCOIL) is the set underfloor slab heating with the DIAL (also found in the Master Ensuite) and the COOLING (RIGHT BRIVIS) is changeable through the panel. Please refer to separate instructions posted on the wall. Fans are also available throughout the property.

This studio is fitted with underfloor heating set at a comfortable 22 degrees Celsius. Changing the thermostat will have no immediate effect as the slab can take a day or two to heat up.

Refer to instructions on the right wall near DVD Player for TV/DVD for operation!

Electric Fire is operated through ON/OFF on DIMPLEX Remote - NB;
This fire is more decorative than warm.

Hot water boost button is located to left of pantry (The meter box is also located here) - Refer to instructions on wall for further assistance.
